

*The Lajitas General Store has been in existence in some form or fashion since 1949. Early on it was called Lajitas Trading Post and was located down along the Rio Grande River. This location was convenient for US and Mexican customers wanting to trade and swap their goods along the border.*

*As Lajitas grew, so did the store. Moving to its present location in the 2007 and changing the name to Lajitas General Store you could purchase everything from groceries to lumber.*

*In its present form Lajitas General Store is a bustling center for resort souvenirs, groceries, beer, wine and a full service deli with breakfast and lunch staples and specials.*

Lajitas General Store accepts all Major Credit Card and Cash.

As a guest of the resort you can always charge items to your Room or RV Spot.
